

ment that Mr. Bryan desired him to address the resolution committee on the legal phases of an anti-injunction plank.

Mr. Monett personally is in favor of a strong utterance upon the subject. He conferred with Mr. Bryan at Lincoln yesterday.

Samuel Alschuler, who is the probable member of the committee on resolutions from Illinois, declared to-day that he did not believe the anti-injunction plank to be a question of the convention would be of such character that any controversy would be provoked by it.

"There has been talk of a 'radical' plank in the platform," said Mr. Alschuler, "and all sorts of meanings have been grouped under that word. It all depends upon what is meant by the word 'radical.' I think it is giving my personal opinion only, that any assumption that the anti-injunction plank will be an attack upon the courts is incorrect. It unquestionably will favor jury trials for contempt and due notice to all parties so concerned in injunction proceedings. It can safely be stated that the plank will be a clean-cut, definite statement, and not a straddle such as the Republican party has made. It is entirely within the bounds to say that the injunction plank to be adopted by the Democratic National Convention will be no more advanced than the views which have from time to time been expressed by President Roosevelt. In fact, it is my opinion that the plank will be more conservative than the President would have been if he could have written the plank in the Republican platform."

Should Be From Illinois.

When asked about the vice-presidential situation, Mr. Alschuler declared that in his opinion the individual to be elected as vice-president should be from Illinois. If, however, that State did not present any name to the convention, he was utterly at a loss to predict at this time who the Illinois delegation will favor.

The State, he said, would stand for Bryan to the finish, and there would be no break in its vote at any time.

#### TOWNE WOULD NOT ACCEPT

New York Man Wants to Be Vice-President—Bryan Not Talking.

LINCOLN, N.E., July 1.—Charles A. Towne, of New York, was a visitor at the Lincoln convention yesterday. He is a candidate for the Democratic nomination for Vice-President, and an old-time personal friend of Mr. Bryan, he stopped off here for the express purpose of discussion of vice-presidential politics. Mr. Bryan was expecting him, and for half an hour they remained closeted.

At the conclusion of the interview Mr. Bryan stated that he had been glad to see Mr. Towne. He had nothing to say to him, and Mr. Towne admitted to newspaper men that his candidacy and the platform had been the main topics of conversation.

The "Logic" State.

"New York is the logical State to furnish the vice-presidential nominee," said Mr. Towne.

"It should be no secret to realize the number of Democrats there are in Northern New York. I am not surprised at the declaration of Judge Gray to be mentioned for Vice-President. I have expected it right from the start. New York is a strong man, a popular man with all classes; he has ability, a magnetic personality and marked attainments. I have known him for years, and from all parts of the country he has support for himself. Assurance of an unmistakable character were given by leading New York Democrats before I would permit the use of my name."

"What will be done with the anti-injunction plank at Denver?" Mr. Towne was asked.

"It should be a strong one—one that does not hedge. The laboring man will be protected."

"Will provision for the interlocking decree be made for in extreme cases?" Mr. Towne asked.

"That I cannot discuss; I cannot even express my own opinion, for I have been talking to Mr. Bryan."

Mr. Towne smiled as he parried this question. Later he laughingly dodged interrogations of whether he supported in his canvass for the vice-presidential nomination.

Mr. Towne's visit, however, Mr. Bryan had practically set at rest, temporarily at least, reports that he favored Mr. Towne.

"Mr. Towne is quoted as stating that you some time ago assured Mr. Towne that he would be acceptable to you. Is that true?" Mr. Bryan asked.

"He meant that he was favorable to me," said Mr. Bryan, with stress on the word "meant." "He was not in the arm of a woman, and with a wave of the hand he dismissed the subject."

Mr. Bryan's choice for the vice-presidential committee, is generally agreed with being the man in Lincoln who knows Mr. Bryan regarding a platform.

Mr. Bryan as a candidate for the nomination will not have a telegram wire in his house during the convention. He will depend on the wires being strung into a cottage 500 yards away for the convenience of newspaper correspondents.

John M. Garman, a delegate from the Eleventh Pennsylvania District, paid his respects to Mr. Bryan to-day. Mr. Garman was chairman of the State Central Committee in 1904.

Mr. Towne left Lincoln to-night, and is due at Denver at 7 A. M. to-morrow.

Congressman William Sulzer, accompanied by Mrs. Sulzer, was among the prominent arrivals here to-night. Mr. Sulzer had suggested his name in connection with second place in the convention. He also admitted that the nomination of no good Democrat could be made. At the same time Mr. Sulzer declared he wished to discourage any further use of his name in this connection. The New York Congressman will call at Fairview to-morrow, carrying with him several planks in support of the Democratic platform. Direct election of Senators by the people, good roads, promotion by the peacemaker by a discriminative tax, measures which Mr. Sulzer has urged the Congress for years, are among the subjects the New York man is interested in.

and other delegates from New York left this afternoon for Denver on the 3:30 o'clock train to attend the National Democratic Convention. On the day of ex-President Cleveland's funeral an informal conference of leading men from many States was held, and it was agreed that upon the completion of the address of the temporary chairman of the convention a series of resolutions commemorative of the ex-President should be adopted by his party and the country should be introduced.

Resolutions Prepared.

As a result of this agreement Judge Parker will present the following resolutions:

1. That before entering formally upon the special and important work for which this national convention of the Democratic party of the United States has been called, we take the earliest opportunity to express our grief over the death of Grover Cleveland. We record our profound appreciation of his lofty character, his commanding ability and his unflinching wisdom. We indulge a just pride in his patriotic and unselfish services rendered to his country in the time of need, were made possible as the representative and the chosen candidate of the Democratic party for President in three of its national conventions.

"We mourn his loss the more because his great gifts of mind and heart, so devoted to his country, are no longer to be the command of his party and his country."

"In thus giving expression to the keen sense of his loss, we refer to his political opinion by our fellow-citizens throughout the country, we recognize and commend his faithfulness at all times and under all conditions to the settled traditions and policies of the Democratic party as exemplified by its declarations of principles, by its acts and by the ideas and utterances of all its great leaders from the days of Thomas Jefferson to those of Samuel J. Tilden."

Rights of States.

"Although Mr. Cleveland's important work was done and his greatest responsibility assumed, the Democratic party of the United States, we uphold with all the force of his mind, with heroic devotion to principle, and with all the power of his great office and influence, the rights of the State and local governments. He thus rendered effective service in asserting and maintaining the rights of the States and the rights of the people."

"He respected the integrity of our courts and so insisted upon the strict enforcement of the law that every honest man or woman in the United States was enabled to live in peace and without fear or favor."

"On one hand he consistently pressed upon his countrymen the necessity for a revision of our tariff laws, which should strip away every vestige of favor, remove every excuse for protection, and establish a free trade policy, and on the other hand he enforced that economy in expenditure which, he believed, would eliminate the corruption entailed from an era of extortion and extravagance against which his whole career was a protest."

Office a Trust.

"He maintained the public credit and honor, stood firm as a rock in defense of the principles of the Democratic party, resisted the dangerous economic doctrines and practices left by the Republican party as a heritage to our people, under his administration the country was brought back to the path of the region of pretension and became a reality."

"He took the Monroe doctrine out of the realm of dreams and made it a thing of life and power, which commands universal respect."

"He so insisted that official responsibility was his burden duty and the inalienable right of the people, that his motto, 'Public office is a public trust,' was the principle of his life and fitting epitaph for his monumental career."

"He preserved simplicity of living and character in a time when ostentation, both public and private, not only seemed to be a necessity, but had been raised to the rank of a virtue."

National Monument.

"Recognizing these commendable achievements of the only Democratic President elected to the White House, we have so strikingly illustrated the fundamental principles of our party, the wisdom of our national policy, and the strength of our republican institutions, we hereby direct the officers of this convention to cause to be erected a national monument to the memory of Grover Cleveland."

"It is still further resolved that in respect for the memory of the great man and Democrat, this convention shall immediately adjourn until 10 o'clock on Wednesday, July 6, 1908."

Delegation Off.

A large number of Tammany men were at the Grand Central Depot to-day when the Denver delegation started. The Tammany members of the delegation had a special car attached to the Twentieth Century Limited. Charles F. Murphy, Lewis Nixon and Martin W. Littleton were in this car.

Patrick H. McCarran, whose delegates to the State convention were defeated, was on the same train. He will contest the seats of the Brooklyn delegates to Denver elected by the State convention.

D. D. Collins, a delegate from Porto Rico, was also on the train. He said he would support Bryan.

The main Tammany delegation will leave on Friday.

Gray would not accept Vice-Presidential Nomination.

WILMINGTON, DEL., July 1.—In reply to a question from an representative of the Associated Press, Judge Gray this morning stated that he had just sent a telegram to a New York paper as follows:

"I have your telegram saying that it is stated positively that I will accept the vice-presidential nomination, and asking whether this is true. I repeat, I will not consent to being placed in nomination as a candidate for the presidency. I now emphasize that I will, under no circumstances, consent to a nomination for the vice-presidency."

"GEORGE GRAY."

SAYS JOHNSON WILL WIN

His Manager Declares He Will Get Nomination for President.

DENVER, July 1.—Fred D. Lynch, of Minnesota, made nothing but positive statements to-night in summing up the situation for Governor Johnson.

"Governor Johnson's name will be presented to the convention by Representative Hammond of Minnesota," he said, "and the Governor will be nominated for the presidency on the second or third ballot."

"Mr. Bryan has not two-thirds of the delegates. We do not say that Governor Johnson has all of the 400 delegates which Mr. Bryan has not secured, but he will have at least 300 of them on the first ballot."

Then will come into operation the law of "instruction." Bryan's delegates will have fulfilled their instruction as a rule in voting for him on the first ballot. A large part of the new Bryan-instructed delegates are really for Johnson, and they will be at liberty to vote as they desire after fulfilling their instruction to Bryan on the first ballot."

Mr. Lynch said the Johnson strength was in the East and South, with his own State behind him. He said Governor Johnson was not a candidate for the second place on the ticket.

TRADE REPORT.

Bradstreet's Saturday will say for Richmond and vicinity:

Wholesale dry goods: Dealers are receiving few orders for fall shipments. Some filling orders for shoes are noted.

Produce is not active, and prices have a downward tendency. Coffee roasters and tea dealers are receiving fair orders, and in manufacturers of grocers' specialties are busy. The demand for manufacturers' shows an increase; reduction in price has been an incentive to this. Increased inquiries are received by manufacturers of and dealers in machinery and supplies, indicating that a resumption of operations is anticipated.

Unfavorable conditions have been favorable to crop growing and favorable reports regarding all crops throughout the district are received. Retail trade is fair; collections continue backward.

DEATH IN TRIPLE FORM

Boy Swept From Leap of Hay and Pierced by Fork.

BARNESBORO, N. J., July 1.—Isaac Taylor, eighteen-year-old son of Edward Taylor, was returning from work on a load of hay to his home to-day. The horses rushed into the barn door, striking Taylor and sweeping him from the load as he fell the end of a pitchfork, which was also brushed from the wagon, caught in his back, passing through his lungs. From the fork he was thrown in a heap heavily enough to kill him. He suffered greatly for an hour, when his misery ended in death.
